

Dear Saint Simon Parish Community:

As we begin National Catholic Schools Week, which is from January 26 to February 1, we would like to thank you for your support of Catholic education at Saint Simon Parish School. Our mission is to build a welcoming community, grounded in academic excellence, where students are guided by Catholic values, encouraged to discover and develop their talents, and inspired to lead lives of service.

Our school is thriving, and we continue to offer a breadth of opportunities for our students to discover their talents - robotics, athletics, art, spelling bees, dances, band, math competitions and more. We regularly adjust to the needs of our students and modernize the curriculum. This past year we were able to add a zero period high school geometry course. Our students in middle school participate in service learning and provide service to our community on and off campus. Our school family is enriched by the opportunities to join in with the parish for our wonderful community gatherings.

This weekend, we are hosting the 19th Annual Father Murray Basketball Tournament. Please join us if you are able. The details can be found on the [Fr. Murray webpage](#).

On Sunday, January 26, from 10:00 am to 12:30 pm we kick off Catholic Schools Week with our Open House and would love for you to visit. Please come by, tour the classrooms, and talk with our teachers, students, and staff. If you cannot attend but would like to learn more, please contact our Director of Admissions & Marketing, Theresa Clark, at [tclark@stsimon.org](mailto:tclark@stsimon.org).

Our celebration of Catholic schools will continue all week and include Generations Day, Student Appreciation Day, and various creative dress days. These community events are part of what makes our school so special.

We are ever grateful to be part of the mission of Saint Simon Catholic Parish.

Blessings,

Ann Kozlovsky  
Principal
